# DIPLOMA OF REMEDIAL MASSAGE

## About this Course:

This course is designed to provide students with the skills and knowledge to perform advanced remedial massage techniques that address a variety of musculoskeletal and soft tissue issues. This comprehensive course covers areas such as anatomy, physiology, and pathology to ensure graduates can assess, treat, and manage client conditions effectively. Students learn hands-on skills in areas like deep tissue massage, myofascial release, and trigger point therapy, with a strong focus on client assessment and treatment planning. In addition, the course emphasizes professional practice and ethical standards, preparing students to work confidently in clinical and therapeutic settings. This diploma is ideal for individuals interested in a hands-on health profession, including those who wish to start a career in massage therapy or current massage therapists looking to advance their skills. It's especially suited for those who enjoy working closely with people to improve their physical health and well-being. Graduates can pursue various career paths, such as working in private practices, health clinics, rehabilitation centers, and sports facilities, or even establishing their own business. This course is also a stepping stone for those considering further studies in allied health fields.

Zhang Jing

An effective teacher is one who directs, facilitates and manages the students' learning process. Da Teng is one of them. I like his flexible teaching style, positive belief in the ability to solve translating problems, willingness and motivation to listen and caring for students.

Rob Manz

I'm very happy with the service and education Charlton Brown provided! Alvin's teaching was fun, creative and entertaining. He likes to talk about trending topics in the class. He's also fast at answering any questions.
